- Eliminates costly interruptions for businesses
- Reduces insurance costs
- Enhances energy efficiency
- Saves you money on glass replacement & repair
- Harmonizes with your modular buildings
- Operates easily with manual or motorized convenience
- Installs easily
- Maintenance free

Property crime is on the rise, and Talius has the solution to prevent it.

Talius Rollshutters offer the ultimate security solutions to protect your clients' permanent and temporary modular structures from forced entry and vandalism.

Designed, engineered and customized to meet your exact requirements, Talius Rollshutters are ideal for schools, construction site offices, medical clinics, sales centers, and many other types of modular buildings.

Intruders seek fast entry and most break-ins occur through doors and windows. Stop crime before it happens with Talius Rollshutters!

Your Clients Will Love the Security and Peace of Mind

“ I was impressed with the quality of the rollshutters, and my calculations indicate that by installing Talius rollshutters, the maintenance and operating costs of our schools have declined. I recommend this product to anyone who has experienced vandalism or wants to prevent it. ”

Lloyd Williamson, Maintenance Superintendent,
School District #27, Cariboo-Chilcotin, BC

“ We tried just about every other security solution to stop the crime. Nothing was more effective than the Talius rollshutters. Since they've been installed it has put a stop to break-ins. ”

John Llewellyn, Owner
Celtic Distributors
